Subject: Re: ATIPPA request related to Hormone Receptor tests

Thanks Elizabeth. I will pass this information along to the ATIPPA coordinator.

Hi Tansy. Please note that the August 2006 note should be included in the ATIPPA response regarding Briefing Notes prepared for the Minister. Although the note was ultimately prepared for the Premier, it was done so in consultation with the department. As well, is it assumed that any note prepared by a department on a particular issue automatically goes to the Minister of that department. To exclude this note would be disingenuous, so it should be included in the ATIPPA response (appropriately vetted by officials, of course). Thanks.
