**Subject:** RE: Follow up to October 1st meeting

My preference is for option one in the first letter. I don't think we should provide the % until they call looking for it. Concerned about inability to understand meaning of result.

**Subject:** Follow up to October 1st meeting

Hi everyone,

As promised at the last meeting, and for discussion at the meeting on the 15<sup>th</sup>, I am circulating to you two options of a possible letter for communicating the results of the decreased.

Thanks

Heather
