Thanks. The arrangements and exit interviews are fine.

Fax # is correct.

Hi Diponkar,

Thanks for your E-mail of Sept. 12. I will pick you up Thursday morning between 8:45 and 9:00 am. at the lobby in Hotel Newfoundland. I will drive you first to the St. Clare's site where I will provide you with background information including a review of the IHC slides before and after the Ventana platform. The focus will be on the E.R. and P.R.'s. However I will try to get as many representative IHC's from other antibodies as possible. Following this I will take you over to the General Site where the cutting and staining procedures are done and also have you meet with key individuals at that site. I had ask the chief tech to provide you with the lab procedure manual. I will fax you a copy of the terms of reference of the IHC review this afternoon. I assume your fax number is 604-877-6178. I will also try to arrange an Exit interview with key leadership people from the organization on Friday afternoon. Let me know if this is OK.

Regards,
Don
