Subject: RE: ER\PR update

Don,

We are now completing validation studies with the batch autostainer equipment. If there is no hitch, then we start in production mode for ER/PR for Newfoundland on Monday.

Ken

Subject: ER\PR update

Hi Ken,
Dr.Bob Williams our VP for Quality,Diagnostic and Medical Services has asked me if I could contact you for an update on the operational status of your new batch stainer and the reporting of our ER\PR cases.He has asked for this information as he is giving a report to the Board of Directors at Eastern Health.
Regards,
Don Cook
