Hi Heidi

I'm away most of the next two weeks as of tomorrow morning. Hellen has my file. Bonnie Walker has detailed knowledge of the numbers. It may be best to ask Paul Neil to respond to this request in my absence. Tnx.

Ken

Ken,

Western Star has called today wondering how many of our patients were involved in the ER PR issue and how many would have had an incorrect treatment as a result and how many have since died?
Would you have a few minutes to discuss?
Heidi
