Dr. Don Cook
Ms. Heather Predham

I'm writing with respect to a suggestion that was made to this organization with respect to making decisions on patients whose ER and PR results change, as testing is received back from Mount Sinai Hospital.

The suggestion was that we get together a panel of physicians to review all patients in this category so that a plan can be recommended to the physician who is following up on each of these patients. This suggestion is an excellent one, and I want to thank you for agreeing to serve on this panel. On contacting individuals, the best time currently suggested is on Thursdays from 5:00 - 7:00 p.m. The first meeting of the group will take place on **Thursday, October 13, 5:00 p.m., in the Room 1343, Administrative Boardroom, Level 1, General Hospital,** next to our suite of offices here.

I want to thank all of you for agreeing to serve on this panel and especially to Dr. Laing who has agreed to chair this group. Secretarial support will be provided by the Quality and Systems Improvement Department of Eastern Health. Dr. Don Cook will sit on the panel ex-officio to ensure that all the information from the Laboratory Medicine Program is available to the panel.

Again, thank you very much for agreeing to serve on this panel, and I want to ensure you have the full support of this organization for the very difficult and important work you are about to undertake.

Yours sincerely,

R.J. WILLIAMS, M.D., FRCPC
Vice President, Quality Diagnostic
and Medical Services
