I don't mean to freak you out, but if a pt was re-tested at MS, should her name be on our "retesting results" list.? I checked with Judy Thomas (Dr Cook's secty) & she said [REDACTED] mcp [REDACTED] was retested & her results confirmed neg. but I

don't see her on our list anywhere. Mrs [REDACTED] died [REDACTED] her husband called, I told him someone would call him when the results are available. curious-er & curious-er
