Subject: ACTION REQUIRED - JUNE 15, 2007 - Request for Correspondence with the Dept. of Health on the ER/PR Issue

This email is sent on behalf of George Tilley, President and CEO

Hello everyone:

I need to compile a comprehensive file on the documentation that was exchanged between us and the Department of Health and Community Services on the ER/PR issue. Please send along any correspondence (letters, memos, emails, documents, etc.) you have had with the Department on this issue since the summer of 2005, as well as any other pertinent information. I would appreciate receiving this by **June 15, 2007**.

Also, I would appreciate being copied on any further correspondence. I know you appreciate the rationale for and importance of receiving same. Thank you.

George Tilley
President and Chief Executive Officer
