Ken,

We were told to deliver the original slides to them and they have forwarded to Mount Sinai. I know no more than that other than they are looking for a quick turnaround time to have back to us. Nash will talk to Paul Neal.

Hi Oscar

Can you give me any context as to why this is being done? Is the COI office now going to take it upon themselves to notify patients that this retesting step is being taken, or is that being tasked out to someone else?

Ken

Nash,

Can you make please notify all your colleagues across the province that the COI counsel has acquired all the original ER-PR slides reported negative and sent them to Dr. Muellens at Mount Sinai hospital to read.

I think they should be aware that this is happening.

Oscar
