March 28, 2008 This pt's daughter is Jane Hopkins, she is calling to ask what they should do next. Her mother is very sick, currently receiving chemo. now has cancer in her lungs. She is inquiring why this pt. has been not more closely followed by the cancer clinic. I told caller I would contact the ca. cl. & ask someone who could answer her questions to call her next week. I also checked pt's ER. PR test results from 2000 - (dptr. has permission to speak on mother's behalf). Emailed S. Smith & asked Dr. Denic to look pt. Spoke to Pat. P. She advised me to check with Wayne Miller whether he has info. on pt's re-test status - not in the database. Dr. Denic will have pt. re-tested. I checked with Ms. Hopkins. She decided on behalf of her mother to have the sample re-tested at Mt. Sinai. Dr. Denic notified & will send sample.
