Subject: RE: Briefing of Minister

Good morning.

We will not be fully briefed and updated on this situation until after 5 pm today. (We have a 4 pm meeting today with lab officials, etc to obtain the latest information); so any briefing materials which would be sent over today would not be up-to-date as we expect new information at this meeting.

I would be happy to update the BN after the meeting and send it on later tonight. Please advise if this is the way you would like me to proceed.

Deborah (Susan is in interviews all day)

George: We would like for you and the appropriate staff to brief the Minister on Thursday @ 9am respecting the testing issue affecting breast cancer patients at Eastern Health. It would be appreciated that you forward a briefing note to me on Wednesday prior to the briefing. Thank you. Please call if any questions.
