

Jenkins, Ken

Subject: Paul Neil (E-mail); Frank Holloway (E-mail)
FW: An article from globeandmail.com

FYI. Pls feel free to share with the staff. We need to keep the momentum going to get our samples in. Sincere thanks to all who are making the extra efforts to deal with this.

Ken

Subject: An article from globeandmail.com

Susan Sullivan (ssulli@healthwest.nf.ca) thought you would be interested in the following article from globeandmail.com, Canada's leading source for online news:

"Flawed test imperils scores of cancer patients"
Hundreds of tissue samples subject to retests after lab flaws uncovered
<<http://www.theglobeandmail.com/servlet/story/RTGAM.20051006.wxcaner06/EmailBNStory/National/>>

Note from Susan Sullivan: No PDF version available, hopefully this method will work, otherwise let me know and I will fax it.

Regards,
Sue
