Subject: ER PR blocks
Attachments: Block Discrepancies.xls

Hi Dr. Cook,

Maria would like to know if we will be receiving any more blocks for re-testing and if so, approximately how many more? Everything has been logged into our database (we have approximately 547 patients), although some don't have an RS# yet. Please find the attached list of block discrepancies and other notes. If you have any questions, please give me a call.

thanks,
Nancy
