Hi Dr. Denic

The ER we use is clone 6F11 from Vector and the PR is clonePgR 1294.

Hi Trish,

Would you please comment on the question from Dr. Denic.

Are you still using 6F11 for ER and PG1294 for PR? That is only what I need to know, in order to incorporate them in the reports.

Hi Dr. Denic,

Do you want the catalogue number and company.

Maria

Subject: Antibodies used

Hi Ms Mendes,

Just to check with you what are the current antibodies used for ER and PR in this retrospective study. I have to report them along with your results.

Sincerely,

Nebojsa (Nash) Denic, MD,M.Sc., Ph.D. FRCPC
