TC = Pat Pilgrim re ER/PR

Re: Communication to Deceased NOK **COPY**

- Process proposed by Eastern has changed.
- Unable to find an oncologist to support the process.
- NCIHRT is finishing their database
- government is about to release details →
- moH will have a press conference. Comment will be made that families can get info by contacting a phone #. Other Boards agreed to one #, which will be Sharon Smith's office → she will direct to other Boards. Kara Laing has developed a Q&A. Sharon will provide results and offer a Q&A sheet. Will suggest follow-up = family loc or appropriate oncologist. Sharon will not give results for other regions
- Quality people will be talking in other regions
- release not this week
- more detail coming → next few days
- one contact # for each region.
- late next week is anticipated release.
