Subject: Request for Release of Information to Eastern Health

Dr. Jenkins, As per our telephone conversation, I requested that Western Health give permission to NLCHI to release to Eastern Health the names of the two patients from your region whose ER/PR test results changed from positive to negative. As discussed, there were 4 cases who fit into this category (commonly referred to as "retroconverters"), two cases from Eastern and two from Western. Your approval of this request can be confirmed by response to all copied on this e-mail. Thanking you.
