Telephone conversation with Pat P. 1:30 PM

Subject: Outstanding data on new pts etc.

Pat

- HP is on holidays
- she indicated that the information had been available for some time and was with Wayne Miller
- the information had been released to the COB by Eileen Hereth's lawyer - Dan Finnicks
- she would follow-up on this issue right away.

* I told her the COB had received an updated dose, but it did not contain this information [newly identified / late identifiers].

Thanks Deb – I found my copy – There is so much E-mail that I couldn't remember where I filed it – Good thing you are on top of things. I had thought this was completed – we are following-up.
