Dr. Robert Williams, VP Medical Services
Health Care Corporation of St. John's
c/o Administration, Health Sciences Centre
300 Prince Phillip Drive, Room 1355
St. John's, NL
A1B 3V6

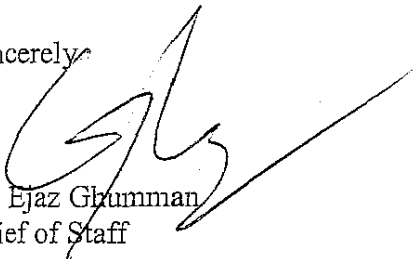

Dear Dr. Williams

RE: Medical Staff Structure

In our recent District Medical Advisory Committee meeting held on September 28, 2005, the medical staff structure was discussed and DMAC approved the medical staff structure as proposed by yourself with some criticism about less representation on the Board.

These questions, I think can be answered when developing the new By Laws for the whole region.

Sincerely,

Dr. Ejaz Ghumman
Chief of Staff

Cc: Pat Coish-Snow
Chief Operating Officer,
Bonavista, Clarenville and Burin

Subject: Medical staff structure

Just a quick note to let you know that the DMAC in Clarendville met last week and approved the medical administration structure as presented. Dr. Ghumann will be following up with you in writing to advise you formally of this decision. There was significant discussion with regard to the amount of medical staff representation at the Board level.

10/3/2005

Ms. P. Coish-Snow			

- Dr. Williams welcomed medical staff and provided an overview of the proposed medical structure.
- This structure has been developed based on consultation with the Chiefs of Staff, Presidents of Medical Staff and Medical Directors.
- Dr. Williams circulated the draft documents on medical staff structure and asked for feedback over the next two weeks.
- Dr. Williams also proposed establishing a steering committee of approximately 9 people to develop a set of by-laws for Eastern Health. It is planned that a consultant would be hired to work with this team.
- Information will also be circulated to members not present.
