Dear Dr. Banerjee:

I want to thank you very much for your efforts in assisting us in an external quality review of the Laboratory Medicine Program's Immunohistochemistry services located within the General Hospital site of Eastern Health.

Your site visits of last fall and more recently of April, 2006, along with your reports are very helpful to this organization as we strive for excellence on a continuous basis within the Immunohistochemistry service within Eastern Health. Please be assured that we will pursue the recommendations as outlined in both your reports. We will keep you posted as to our progress and ultimate decision to reinstate the testing.

I'm arranging for your expenses and consultant's honorarium to be processed on an expeditious basis, and you should have this soon.

Again, please accept our sincere appreciation for all the help you've provided us in this most difficult situation.

Yours sincerely,

R.J. WILLIAMS, M.D., M.P.H.  
Vice President, Quality, Diagnostic and Medical Services
