I spoke with Heather Predham (Assistant Manager, Quality and Risk Management) at Eastern Health and I expect to receive an updated briefing note on ER/PR within an hour. I asked her to include the information regarding legal claims and any updates on the re-testing process.

We are checking with Eastern Health to see if we can get an update from them today.

John,

Would you please have a briefing note prepared on the issue in the front page story in the Independent yesterday re: lawsuit being launched by breast cancer patients.

Fyi, the only note in our system on this matter is dated Oct 5/05.

Thanks

Gary
