Hi Bob,

Can you please give me an update on where you are with the contacting of patients. I understand the process is ongoing and there have been some problems.

Also, have you received the report from the BC pathologist and the Mount Sinai technologist. If yes, what is the general finding(s)?

While I know you are briefing the Minister later this month, we have to complete the first draft of the HOA briefing notes by tomorrow. I will then update it after the meeting with the Minister.

Thanks,

Moira
