Hi Heather!

I have not heard a thing, the original way it worked was Dr. Cook/Carter received the actual result, I will talk with Nash, one of us will call MS on Tuesday.

Barry

Subject: er pr results

Hi,

Nancy is getting numerous calls from the families of the deceased who are waiting for results. She is off today and I answered two of the calls and they are upset about the time they are waiting.

So....any word? Any timeline?

Heather
