Dear Dr. Parai:

Enclosed, please find a folder with copies of the Specification Sheets for all the immunoglobulins available in our laboratory. Please, keep this folder in your department and make it available for all of your staff to help them place their orders. However, it is of note that few immunoglobulins are also available in our lab but yet missing from this folder. These are immunoglobulins against:

1. Beta hCG
2. Herpes simplex virus 1 (HSV-I)
3. Herpes simplex virus 2 (HSV-II)
4. Lysozyme

I hope you find this folder to your satisfaction and please, do not hesitate to call with any further suggestions or remarks.

Sincerely Yours,

Mahmoud A. Khalifa, MD, PhD, FRCPC
