For the ER/PR file. I did reply to Devon indicating my approval. Lisa has taken care of this.

Lisa / Ken,

I think I forwarded this, and a related email to you earlier today. I have not provided a response. Given I have not been involved in this process I would appreciate your advise as to an appropriate response and also who should respond.

Thanks
Devon

Subject: Request for Access to Information

Forwarding on behalf of Patricia Pilgrim, COO - Cancer Care, Quality and Risk Management, Eastern Health

This is further to the letter that we are sending to patients.

To ensure accuracy of patient identification, we are asking that you give permission for us to access information about the patient from your region that exists in the NLHCI database. This does not include pathologist specific information as we are aware there is an issue with this.

Would you please respond to me, pat.pilgrim@easternhealth.ca, as soon as possible regarding this request?

Thank-you!

Dianne Smith, CPS

Executive Assistant to the COO of

Cancer Care, Quality and Risk Management
Eastern Health
