Here is the file. It should have both lists. Let me know if you need anything else.
Steve

HI,

All I need is the info in that automated report that you did for me "Late Identified" (144 with a date and the 85 without) put in excel.

Than I can add the info I had to get into it easily....

Thanks

Heather

Are you talking about anyone with a MS Sent date > Jan 1, 2006 from the NLCHI database? If so, what about the 85 patients that have no MS Sent Date? Do you want them in the list? I think there were 144 others with > Jan 2006. Let me know. If that is what you are looking for, I can get it for you fairly fast.
Steve

Hi Steve,

Can you get this information in excel for me?

Thanks

Heather

Hi steve,

How are you? I'm finishing up my review of the "late identified" in the database.

Are you able to put that report in excel for me? I have to put in the reason and I would prefer not to have to retype everthing....

Thanks
Heather
