Good Morning Louise,  
Thank you for sending me a copy of EH's response to Mr. Thompson's correspondence regarding a search of path. reports for the St. John's sites.  
In the letter you indicated you were in contact with me regarding the review and I indicated that we "cannot be of assistance with the review." As I indicated HCS is not in a position at this time to second staff to assist with the review; however, for clarity I want to re-emphasize that we will be reimbursing EH for the costs incurred in carrying out this review. Should you wish to discuss further please don't hesitate to give me a call.  
Don
