2. BREAST CANCER TESTING CONTROVERSY: Host preamble. The Opposition says the government is in damage control mode when it comes to the faulty breast cancer testing in Eastern Health. The government said last week that the people who were wrongly tested were told in 2005. Linda however has a letter that says the opposite of this. A judicial enquiry has been announced, though a commissioner has not been appointed yet. Calls continue for the resignation of the Health Minister. AIRED: 9:04 AM
