I am available.

My initial advice is we really need to stop reacting, make a commitment that we need a plan to be proactive. This is going to happen just about every day once the inquiry starts and we should be ready.

this will take several days of prep which I recommend holding in early January.

In the meantime, Susan we can talk today to deal with the immediate. call me when you are ready.

Cathy:

I have just spoken with Pat. She is sending it to me and by way of email I'm requesting that she copy you on it as well. Also, I have just learned that the peer review application is going to the Supreme court tomorrow. Dianne and Pat, can you please send that to me and Cathy as well?

The timing of this is unbelievable. I am having my staff Christmas lunch at my house in 30 minutes, so I have to go home. Please call me at 687-4713 when you have had a chance to read the statement and perhaps we can discuss the other issue as well later today?
