Q.A. Activity

Discussion centered around the need for a central lab co-ordinator to organize CAP Proficiency Testing across the Corporation. Currently, there is no uniform process involving all the sites. There was also a discussion regarding the drop in units. However, it was agreed that we will see a truer picture once the corporate-wide computer system is firmly entrenched. There was also some discussion that all units may not be captured.

NEW BUSINESS

(1)

(2)

The meeting adjourned at 4:30 p.m. The next meeting of the LMC will be held some time in January, 2000.

Respectfully submitted,

Donald M. Cook, MD, FRCPC, FCAP
Clinical Chief (Acting) - Laboratory Medicine Program
Health Care Corporation of St. John's
